I'm Jane.

In our school trip we saw very old plates and pots. We also saw some bones from animals and a very old car. But my favorite part of the trip was seeing the dinosaurs bones. They were huge!

My name's Simon.

We saw lots of different animals on our school trip. My favorite were the monkeys and lions. There were lots of snakes but I didn't really like them. I hope we can go back soon.

I'm Lisa.

We went to the beach and spent a lot of time on a big boat. We went to some Islands and the boat went around them. Afterward, we look at rock pools and all the different plants and animals that live in them. It was really fun on the boat. That was definitely my favorite part of the day.

I'm Max.

On our trip we learned about where are food come from?

We saw animals that give us milk like cows and goats.

My favorite part was a long walk through the field which are growing different kinds of food.
